

# Omega Discipleship Church Questionnaire

To what degree is your church a ‘disciple-making church’? Jesus’ final commission to his disciples was to ‘go and make disciples’. In the midst of everything we are doing as a church are we ‘making disciples’ as our primary purpose? Disciple-making should be the heart of our church because it is the heart of the Great Commission.

This questionnaire is designed to help you evaluate your church’s life and function to see how well you are fulfilling your primary calling as a group of believers. Try to answer each statement as accurately as you can. Don’t overrate your church or underrate it. In areas where you are not sure, do what you can to find out to make this measure more accurate. Where are you as a church in fulfilling Jesus’ call to ‘make disciples’?

(Put a tick in the right hand columns under the number you have chosen as your response).

<b>Score</b>	<b>Comments</b>
<b>20 - 40</b>	Your church may be doing many good things, but your disciple-making focus is very weak. But don't be discouraged! You may not be able to change the whole system, but begin (like Jesus) with a small discipleship training group. Begin planting seeds and see them grow. Jesus began with a small group and changed the world! You can do the same to change your church.
<b>40-60</b>	Your church has areas where there is a general awareness of some disciple-making purpose, but it is not very strong or clearly focused. You may be strong in other areas of ministry. You may even be regarded as a 'successful' church. But how much better it would be to become 'successful' in the primary purpose for which God has called you. Take steps to put intentional discipleship training into the life of your church. Don't just evangelize and maintain believers, make disciples!
<b>60 - 80</b>	Your church has some strengths and a disciple-making purpose is coming through in some areas. You can be encouraged by this. But don't be content to stay where you are now. Encourage those areas that are already focused on 'making disciples' and try to refocus and strengthen the weaker areas to bring them into line with God's primary purpose for you. You're on the way, so commit yourself even more strongly to be a disciple-making church.
<b>80 - 100</b>	Your church is already moving strongly in the disciple-making purpose that God has for you, so be encouraged! But don't be content to stay at the level you have reached. There are still important steps ahead for you, so keep on going. Strengthen even further your resolve to be the disciple-making church that God is calling you to be and God's blessing will be richly upon you.
